Learning at Home

Hello, and welcome to ELO! This is a place to look every day you are learning at home to find activities and fun things to try. Home school may be new to you, so it is okay to take things slowly to begin. It is different than being at school with other students...it probably will not take as long for you to finish your work! Be sure to take some breaks and get up and move around. Try to go outside for 20 minutes each day if you can.

 <p>Read and Write:</p>	<p>Read a book about Earth, or access one On-line (suggestion: The Earth Book by Todd Parr) Write and illustrate a sentence naming one thing that the Earth provides that you are grateful for.</p>
 <p>Do or Make</p>	<p>Math: Complete the "How Many More Make Ten" sheet Practice making groups of ten. How many combinations can you find? Make your own sorting center for recycling using paper, markers and Legos! Have fun!</p>
 <p>Look and Think</p>	<p>Today is Earth Day! Find a way to celebrate our planet. Have a picnic lunch outside and observe the beauty all around you.</p>

<p>Supplies and Materials</p> <p>You will need the following in addition to this packet:</p>	<ul style="list-style-type: none"> • Pencil, eraser, blank paper (or use the back of the pages in this packet) • Colored pencils, crayons, paint, etc. for coloring drawings (optional) • Large paper, trucks, Legos
<p>Note for At-Home Teacher</p>	<ul style="list-style-type: none"> • The pages in the back are intended for the use of the person overseeing the lessons and include answer keys. Please remove these pages before giving the packet to your student.

At-Home-Teacher Pages

Please remove these pages from the packet before giving it to your student.

Notes for At-Home-Teacher	
Supplies and Materials	<p>You will need the following additional supplies:</p> <ul style="list-style-type: none">• Pencil and eraser•
Background Information	<p>See the following pages in the back of the packet:</p> <ul style="list-style-type: none">•
Useful Links and Resources	<p>The ELO portal website has links to many useful online resources: https://portal.tcsos.us/</p> <p>Want to help your student stay active? There is a P.E. log to keep track of active minutes each day.</p>

How Many More Make Ten?

				

Our beautiful planet Earth gives us many gifts: flowers, clean water, blue sky and amazing creatures. Write a sentence about one of Earth's gifts that you are thankful for. Then, draw a picture of what you are thankful for.

Create Your Own Lego Recycling Center

You need:

Large paper (back of wrapping paper)

Markers

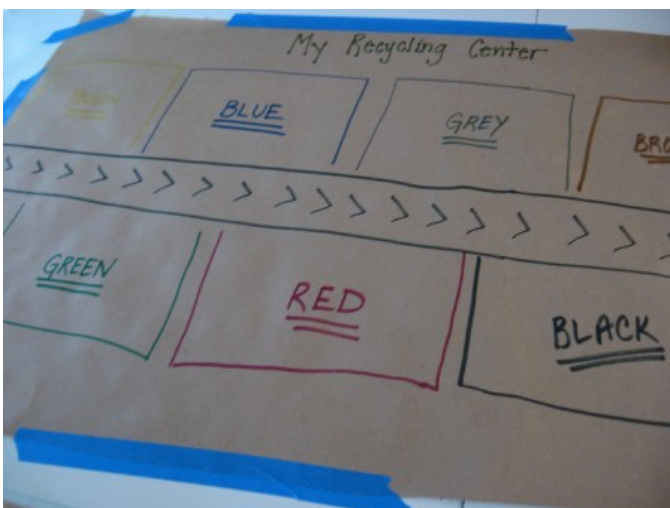

Tape

Legos

This

Directions:

1. Tape paper to a table
2. Draw a conveyor belt down the center (like a real sorting center)
3. Draw bins on either side of the belt and label them with color words.
4. Start sorting!

** This idea is from "Notimeforflashcards.com":
